

Sanza Beauty – Natural. Beautiful. Effective.

The new dimension in modern skincare.

Foreword

Beauty begins beneath the surface.

True skin rejuvenation does not come from cosmetic concealment, but from the targeted activation of cellular processes.

Sanza Beauty stands for a new approach:

We combine chronobiological impulses with high-precision active ingredient integration – without needles, without thermal stress, without regeneration time.

The result:

radiance. Elasticity. Vitality.

Not as a promise – but as a visible expression of biological effectiveness.

Chapter 1

The technology behind Sanza Beauty

The patented **Sanza System** works with bipolar, chronobiologically timed signals that stimulate natural cell communication and membrane exchange.

At its core is the "P program," which temporarily opens microscopic pores in the skin via the #P/Plates system.

This so-called non-invasive poration makes it possible to bioactive ingredients to be delivered precisely where true regeneration begins: **deep into the dermis – at the cellular level.**

Chapter 2

Effects that get under the skin.

After just one application, our users observe:

- ✔ Reduction of wrinkles through improved collagen synthesis
- ✔ Increase in skin volume through activation of cell tension
- ✔ Refinement of the skin's appearance and reduction of irritation
- ✔ Vitalization of microcirculation and improvement of skin tone
- ✔ Harmonization of the complexion and noticeable firmness

A technology that works – visibly, tangibly, sustainably.

Chapter 3

Biology instead of cosmetics.

Sanza Beauty is based on a medically inspired understanding of the skin: it is not the outer layer that determines youthful radiance, but the condition of the extracellular matrix, the quality of the cell membranes, and the ability to regenerate autonomously.

This requires:

- ✔ physiologically balanced stimulation (bipolar impulses)
- ✔ temporary opening of cellular barriers (poration)
- ✔ highly pure, molecularly balanced active ingredients (free of additives)

We are not just talking about care. We are talking about regulation.

Chapter 4

Application and protocol

The application is carried out using defined treatment protocols in combination with functional active ingredients. The plates are used specifically on areas such as the face, neck, décolleté, periocular region, or joint areas, depending on the treatment goal.

Particularly suitable for:

- ☑ sun-damaged skin
- ☑ age-related loss of volume
- ☑ Hormonal skin changes
- ☑ Pre- and post-interventional regeneration

Duration of application: 5–15 minutes per region

Frequency: 1–2 times per week or as a course of treatment

Chapter 5

Clinically inspired benefits at a glance:

- ☑ Immediately visible skin smoothing through cell activation
- ☑ Deep penetration of bioavailable active ingredients – without needles
- ☑ Optimization of cell tension and hydration
- ☑ No skin damage – also ideal for sensitive skin
- ☑ Effective application possible during lunch break
- ☑ Ideal as a stand-alone module or supplement to in-office treatment

Sanza Beauty stands for evidence-based aesthetics – without compromise.

Chapter 6

Who is Sanza Beauty ideal for?

The **Sanza Beauty System** was developed for discerning target groups:

- ✔ Cosmetic institutes that want to differentiate themselves in the premium segment
- ✔ Private aesthetic practices seeking device support at the cellular level
- ✔ Longevity spas and high-end retreats that take a holistic approach to skin and vitality
- ✔ Private users who rely on medically sound home applications

The interface between regenerative medicine, modern aesthetics, and non-invasive cell technology.

Sanza Beauty fits into any modern skincare concept.

Chapter 7

User reports

Initial situation:

Ms. H., 60 years old, was looking for a gentle, non-invasive way to improve the appearance of her skin in the lower third of her face.

She was particularly bothered by:

- deepening **nasolabial folds**
- a receding **chin contour**
- fine lines and **loss of structure in the lower eyelid area**

Treatment:

During the first appointment, targeted treatment with the **Sanza Beauty System** treatment:

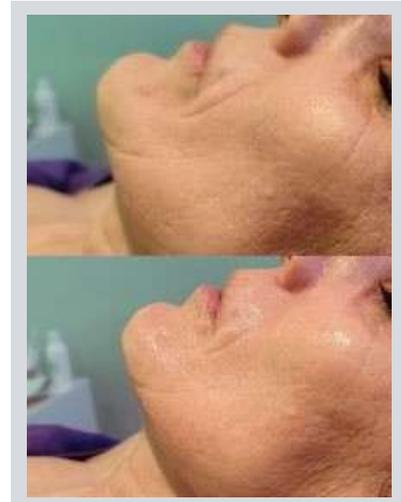

- **Cleansing & exfoliation** to prepare the skin
- Application of **MAT in the lymphatic program**
- Introduction of an individual synergy of active ingredients using **#P/PLATES**
- Duration of active poration application: 10 minutes

Result:

Visible improvements were apparent after the first application:

- Significantly **smoother skin texture** in the chin area
- **Visibly reduced** fine lines around the mouth and under the eyes
- Visibly **refined pores and increased skin elasticity**

"I never would have thought that you could bring so much freshness to the face in such a short time—and without any needles. I'm looking forward to the next treatments!"

Initial situation:

Ms. S., 40 years old, came to us wanting a significant **improvement in her forehead pigmentation**. The uneven distribution of melanin bothered her both visually and emotionally—especially in daylight or without makeup.

Treatment:

The treatment was carried out over a period of 3 months in combination with peeling treatments:

- **Cleansing & intensive peeling treatment** in preparation
- **3 Sanza treatments** of 10 minutes each **with the #P/PLATES**
- Introduction of an individual synergy of active ingredients
- Combination of **MAT in the lymphatic program, #P/PLATES,** and targeted **PEN application**

Result:

A visible improvement was already apparent after the third treatment:

- **Harmonization of skin tone** on the forehead
 - **Reduction of dark pigment spots**
 - **Overall calmer complexion** with more radiance
- The customer looked significantly fresher—with a visibly healthier complexion.

"I finally feel comfortable in my own skin again—the spots have become significantly lighter and I feel like going out in public without makeup again."

Initial situation:

Ms. H., 85 years old, wanted a visible **rejuvenation of her complexion**, especially in the forehead and eye area. Dryness lines, loss of elasticity and a tired facial expression characterized the initial image.

Treatment:

The skin was gently activated in a targeted anti-aging session:

- **Cleansing & exfoliation** to prepare the skin
- **15-minute Sanza Poration with the #P/PLATES**
- Infusion of an individually tailored synergy of active ingredients

Result:

An impressive effect was visible after just one application:

- Significantly **more skin volume** in the eye and **forehead** area
- Visible **smoothing of fine lines**
- **an overall firmer, more youthful appearance**
The skin appeared more hydrated, plumper, and visibly revitalized.

"I never thought my skin would ever be this smooth again—it's like magic!"

Initial situation:

Ms. P., 40 years old, suffered from recurring **redness in the upper cheek area**, especially after stress or environmental influences. She wanted gentle but effective soothing of the skin – or invasive methods.

Treatment:

The goal was to specifically relieve and stabilize the skin structure:

- **Cleansing & exfoliation** in preparation
- Application of **Sanza MAT (MED) in the lymphatic program**
- **10-minute poration with the #P/PLATES**, supported by a coordinated synergy of active ingredients

Result:

After just one application, the skin appeared visibly calmer:

- significantly **reduced redness** in the cheek area
- **more even complexion**
- skin felt more **protected and stable** overall

"I am so happy that my skin is finally calming down again—it feels as if it has learned to protect itself better. What a relief!"

Initial situation:

Ms. V., 62, was looking for an effective but gentle way to **improve forehead wrinkles and fine lines around the mouth**. Her skin was looking increasingly tired and lacking in texture.

Treatment:

The treatment was specifically aimed at reducing wrinkles:

- **Cleansing & exfoliation** in preparation
- **Sanza MAT in the lymphatic program** for systemic support
- **10-minute poration with the #P/PLATES**, combined with an individually tailored synergy of active ingredients

Result:

Visible skin improvement was evident after just one session:

- **reduction in the depth of wrinkles** on the forehead
- **Finer texture** in the mouth area
- Overall **fresher, plumper appearance**

"I really noticed how my skin plumped up from within—it feels incredibly good!"

Note

In all cases shown here, the **Sanza MAT** (full-body mat) or the **Sanza PAD** (applicator cushion) was also used. This application supports holistic skin regeneration by promoting regulatory processes at the systemic cell level.

Chapter 8

Beauty begins where energy flows.

True beauty is not a product. It is an expression of vitality, regeneration, and inner balance. Our skin reveals how our cells are doing—because deep inside, that is where what we call radiance originates.

Cells need energy to be healthy. Only with sufficient cell tension, microcirculation, and active membrane processes can they regenerate, bind moisture, form collagen, and visibly improve the appearance of the skin.

This is exactly where **Sanza** comes in:

With patented bipolar signals, it activates the body's natural regulatory power. It promotes ATP production, stimulates blood circulation, and opens the cells to highly effective nutrients.

The result is more than just smoother skin. It is a feeling of vitality. From the inside out. Natural. Real.

Because the best care is the kind that understands your skin from the inside out.

Chapter 9

Your next steps – How to start your Sanza Beauty journey:

- ✔ 1. Consultation with a certified **Sanza** partner
- ✔ 2. Individual selection of active ingredients and application zones
- ✔ 3. First application – first results visible after just a few minutes

Optional:

- ✔ Rental equipment for home use
- ✔ Studio partnerships in the DACH region
- ✔ Webinars and personal demo appointments
- ✔ Beauty workshop

Your system for genuine skin rejuvenation

Sanza Beauty is more than just cosmetics. It is a forward-looking concept for women who know what they want—and don't leave the results to chance. Strengthen your skin's self-regulation with **Sanza Beauty**.

Natural. Deeply effective. Evidence-based. For your most beautiful skin. Every day.
